Honorable Howard S. Hughes
Director, Bureau of the Budget
Washington 25, D. C.

Reference: Bureau of the Budget
Bulletin No. 55-5 of
March 4, 1955

Dear Mr. Hughes:

As requested, we have reviewed the report issued by the Commission on Organization of the Executive Branch of the Government entitled "Business Enterprises." Of the twenty-two recommendations contained therein only one, No. 19, which recommends that the Bureau of the Budget study the feasibility of central control of Executive Department printing plants, appears to be applicable to this Agency.

In view of the responsibility placed upon the Director of Central Intelligence by Public Law 110 to protect sources and methods, we do not believe that the suggested central control of Executive Department printing plants should include this Agency's printing facilities, but we would be entirely agreeable to having the Bureau of the Budget study our facilities to whatever extent desirable.

Sincerely,

14/
L. K. White
Deputy Director
